

BEAULIEU HISTORY SOCIETY

ALL THAT JAZZ

The story of the Beaulieu Jazz Festivals 1956-1961

Presented by Ken Robinson

Lord Edward Montagu's love of jazz inspired him to stage these pioneering events preceding modern music festivals, which attracted thousands of young fans to Beaulieu each summer, while enthralling and shocking the nation. Set in the social context of the times, Ken Robinson will present an evening of nostalgia for some and surprises for those who are too young to remember, with music to set toes tapping.
